All Year 5 Parents

Dear Parents

Year 6 Residential Visit October 2016

Following Year 6's successful residential visit to the UKSA which the majority of pupils participated in, a level of take up that undoubtedly adds to the success and enjoyment of the visit, we propose to repeat this visit in the Autumn Term for your children. This time of year is chosen due to the cost advantages offered and the team building opportunities it provides for Year 6. Whilst understanding this is a costly venture we believe the value of this water based activity trip remains considerable but appreciate the difficulties parents may face in meeting the cost. This trip will take place in the Autumn Term which means we are unable to give as much notice as in previous years particularly taking account of the fact that many of your children have just returned from their Year 5 residential trip. We are, therefore, giving the opportunity for payments to be spread beyond the week away with payments being completed before the end of Year 6. We ask for payments to be made by monthly Standing Order. If you are agreeable to your child joining this group please forward the slip below to school with a deposit of £35 by Friday 27th May to confirm your provisional wish for your child to join this party, along with your completed Standing Order Form on which you should indicate your preferred day of the month for collection of payment. The balance is due in nine monthly payments of £35 commencing June 2016 ending February 2017.

The rescheduled information meeting will be on Wednesday 4th May at 7.00 pm. Parents unable to pay by Standing Order are asked to submit nine monthly post-dated cheques for £35 commencing June 2016. Whilst there are very limited funds for financial support for such trips should these arrangements present any difficulty please contact me personally. The details of the trip are as follows:-

Location: UKSA, Cowes, Isle of Wight

Dates: Monday 17th to 21st October 2016

Cost: £350.00

Yours sincerely

Mr S C Beck - Headteacher
