

ST JAMES THE GREAT

@STJGREAT

16/11/18 Issue 9

Well done to the table tennis team who participated in a tournament at Whitgift School, narrowly beaten into 3rd place, with a special mention to Joshua Sey who performed brilliantly. We'll be looking for first place next year!

Our Cricket team attended a session at the home of cricket—Lord's. This was part of our ongoing partnership with Surrey County Cricket Club.

Nursery went to visit the aquarium at the Horniman Museum as part of their learning focus this morning and had a fabulous time!

The Vikings marauded through the school with Year 6 this week...Thank you to the Hobgoblin Theatre company who were excellent and ran some fantastic workshops.

Winter looks like it is here now, please ensure that you send your children in with coats, even if they travel to school by car as we always try to get the children outside for breaks, even if it is slightly wet.

The Curriculum and Achievement committee met last night and will be reporting to the Full Governing Body on the 4th of December...this will lead to a newsletter which will be published to keep you informed.

The Friends' Association had a very productive meeting last night planning the school Christmas Fayre—please see flyer below for details. Please come along and if you can spare an hour to help on a stall, setting up or clearing away, I would be very grateful.

We are looking to start an after school coding club—if you have an expertise in this area and would be keen to volunteer, please contact Mr Andrew.

Our volunteer reader scheme will be starting up again soon—keep an eye out for a letter from Miss Bushell about this.

Unfortunately due to staff ill health, the library will be closed until early December and computer club in the mornings will not be able to run.

Please, please, please ensure that you do not send in any snacks or items of nuts into school. The reason that we are a nut free school is that some of our children have very severe allergic reactions to them which can lead to potentially fatal reactions. They do not even need to eat the nuts for this to be triggered.

Dates

November

16th Tag Rugby
